

The Thuraya XT-PRO DUAL is a dual-mode, dual-SIM phone, bridging the gap between satellite and terrestrial communications. By using both a satellite and GSM SIM card, you can now move in and out of terrestrial coverage with ease, enjoying connectivity no matter where you are. Highly ruggedised with a shockproof, jet-water and dust-resistant body and advanced navigation capabilities through GPS, BeiDou, Glonass and Galileo. No matter where you are or how remote your location, we will keep you connected.

FEATURES

- Advanced colour display with glare resistant Gorilla® glass display
- IP55/IK05 - ingress protection rated as shock, dust and jet water resistant
- Select your preferred navigation system and choose between GPS, BeiDou, Glonass and Galileo
- Dedicated SOS button
- Long battery life - up to 11 hours talk-time and 100 hours stand-by

WHY PIVOTEL?

- Standard local mobile numbers
- No complex dialing rules with low satellite call rates
- Callers to you pay standard call-to-mobile rates
- Dedicated customer care specialists based in US, AU, and NZ

COVERAGE

Access in over 140 countries!

Satellite Signal Tip!

In Australia, Thuraya works best when the antenna is directed North West and has a clear path to the sky with no obstruction.

Satellite phone accessories available for the Thuraya XT-PRO DUAL! Accessories sold separately.

FIXED DOCKING UNIT

The Fixed Docking Unit-XT (FDU-XT PLUS) is a home and office docking adapter that allows you to use the Thuraya XT-PRO DUAL phones in an indoor setting. Simply connect the FDU-XT PLUS with the antennas; then dock your Thuraya XT-PRO DUAL handset into the cradle and start enjoying satellite phone connectivity. Easy to install and operate, it supports voice, data and fax transmission and comes with SAT and GPS antennas with 25m cables to ensure seamless connectivity.

Includes

- FDU-XT PLUS main unit with auxiliary handset
- SAT antenna with 25m cable
- GPS antenna with 25m cable
- Universal power supply
- Wall mounting bracket
- USB cable and RJ-11 cable
- Support CD and User manual

VEHICLE DOCKING KIT

Vehicle docking kit offers simple and reliable communications in vehicles. Simply insert the Thuraya device into the adjustable phone cradle, connect the antenna, the loudspeaker, and the microphone, and start enjoying satellite connectivity on the move.

Includes

- Phone holder with suction mount
- External magnetic mount antenna with 5m cable and adaptor cable
- Loud speaker and Microphone
- Car Charger with pin type
- User Guide

EXTERNAL ANTENNA

The external antenna provides improved satellite signal reception when used on the move or stationary, e.g. in caravans, vehicles or boats.

BATTERY

An additional battery serves as a backup for the Thuraya XT-PRO DUAL and extends usage time when you have no access to electricity.

TRAVEL CHARGER

The travel charger connects your phone to a mains socket. The exchangeable plugs allow charging in most parts of the world. (with EU/UK/CHN/AUS plugs).

USB CABLE

With a USB cable you can upgrade the software of the Thuraya XT-PRO DUAL easily when new software versions are released.

CAR CHARGER

A car charger ensures that the Thuraya XT-PRO DUAL is never out of power while you are on the move.

SOLAR CHARGER

Charge the Thuraya XT-PRO DUAL even when you have no access to electricity.

WINDSCREEN RAM MOUNT

Standard windscreen RAM mount for the Thuraya XT-PRO DUAL with suction cup base.

AQUAPAC

Thuraya Aquapac - Waterproof your Thuraya handset with a submersible Aquapac! The patented Aquaclip® sealing system provides an IPX8 rating which makes your Thuraya phone submersible to a depth of up to 10 metres. Safely protect your Thuraya phone from water, dust, dirt, snow, sand, oil and whatever else you might encounter. It is custom made for Thuraya phones, is compatible with all current Thuraya handsets (XT-PRO DUAL, XT-PRO, XT-LITE, XT, SatSleeve main unit without adaptor) and comes with a handy black lanyard.
