Plus, easy to use services, flexible included value and the ability to reactivate your deactivated Pivotel SIM card at no extra cost!

Pivotel America Inc (Pivotel) Iridium Certus Maritime plans use the Iridium Mobile Satellite Network. Satellite reception limitations and some exclusion zones apply. Visit www.pivotel.com.au/coverage for a coverage map. An Iridium Certus terminal is required to access the Pivotel Iridium Certus Maritime service. A Maritime Mobile Security Identity (MMSI) must be provided upon provision of the service. All service plans and hardware payment have a minimum 36 months contract term and change of plan is not allowed during your contract term. All calls are charged in 60 second increments unless otherwise stated. Any stated minute charges are to band 1 countries only (which includes the United States). Calls to higher bands may be at higher rates. Pivotel may apply call barring where fraudulent use is suspected or for credit control purposes. Data is charged in 1KB increments. Prices are in USD excluding tax and are subject to change. Minimum cost is purchase cost of hardware (if applicable) + monthly access fee x contract term + monthly hardware payment cost (if applicable) x contract term. You may receive a pro-rata access fee charge on your first Pivotel bill, calculated from the actual date of service connection to the date of your first bill. You will receive a bill by email from Pivotel listing any payments you have made during the billing period, and a summary of your service usage to enable you to keep track of your overall service usage and monthly spend. Itemised billed and unbilled service usage is available in the secure Selfcare website at www.pivotel.com/selfcare. An itemised bill listing all of your service usage events is available on request. You may elect to receive a paper bill by post for an additional fee. Pivotel plans are available to credit approved customers only.
